State Police Say . . .

From a fatal smash up to a dented fender, all automobile accidents have one thing in common: Somebody caused it—somebody could have prevented it. We urge you to check frequently and be sure your car is in safe condition. Then drive it carefully all the time. Don't be the victim of an accident. Don't be the cause.

DO YOU VALUE YOUR JOB?

The real purpose back of the British devaluation is quite simple.

Nothing but the hocus-pocus through which our own national leaders have gone, and the industrious lying that has taken place on both sides of the Atlantic, have kept this purpose from sight.

Here's the story:

We've been exporting dollars since the War, trying to keep Socialism alive in Europe—including England.

It's been YOUR money our Washington diplomats have been lading out so industriously.

But now it has been proven that money alone isn't enough. We've exported billions. Socialism sinks deeper and deeper—especially in England.

What next?

The decision has been reached, in Washington and London, that the thing which must be exported next, to keep Socialism from collapsing under its own weight, is jobs.

Whose jobs?

Those now filled by Americans—including YOU!

It's all easy enough to understand, once you see the outline.

For fifteen years, the New Dealers have been slashing American tariffs. These tariffs were created to protect American working people in their jobs. They were created to protect Americans engaged in manufacturing articles for the American market from being undersold by cheap or slave labor abroad.

The trade agreements act has resulted in most of this protection being wiped out.

Already a long list of American industries are in trouble—wool, glass, chinaware, etc., etc.

Two steps have been taken within the past two weeks which are intended to wipe out the rest of the protection YOU have against the work you are doing being performed by some starvation-level unfortunate in a foreign country.

One of these steps was taken by your own Government. The Truman lobby finally forced through Congress a new extension of the foreign trade agreements act. President Truman immediately announced a program of further tariff cuts in some 400 items.

COVERED WAGON WAS TRAILER FORERUNNER

Kiwanian Robert Beuttner
Tells Club of Trailer
Industry

INDUSTRY EXPANDS

PENNDLE, Sept. 22 — Kiwanian Robert Beuttner told the members and guests of Bucks County Lincoln Highway Kiwanis Club about the trailer industry at its dinner meeting at the Royal Gardens, Bensalem township, on Tuesday evening.

Mr. Beuttner told the group that he became interested in trailers about 15 years ago. "The forerunner of the trailer was the covered wagon. Our forefathers lived in the covered wagon until they were able to settle down in some spot and build their home. Many people from all walks of life use the trailer; actors, construction men and entertainers who find it necessary to move from city to city have found them a very convenient and economical type of abode. In 1935, there was a great evolution in the trailer industry; many people purchased trailers and they became quite popular. In 1940 there was still another evolution for trailers; at this time they became more modern and more comfortable. Today the trailer industry is expanding rapidly and more and more people buy trailers every day. The Bradenton Trailer Park in Florida is

TWO WOMEN ARE DEFENDANTS IN COUNTY COURT

Young Woman, Who Once
Admitted Embezzling,
Makes a Charge

ONE FORMER TEACHER

Clair Gross, Quakertown, Is
Sentenced to County
Prison

DOYLESTOWN, Sept. 22 — A young woman, who over a year ago admitted she has embezzled \$3200 of her former employer's money, appeared in court here again this week. The young woman, Miss Shirley M. Wieder, 24, Quakertown, testified that Donato A. Denardis, 25, was the father of her daughter.

The prosecutrix, who astonished the jury when she admitted that she pleaded guilty to stealing \$3200 from her employer July 22, 1948, testified her child was born April 4, in the Quakertown Community Hospital.

"Didn't you plead guilty to stealing money from your employer in this very court?" shouted the defendant's counsel.

"Yes, I did, but it was only \$3200," said the young prosecutrix quietly. "Are you sure you didn't take \$6900?" asked the defendant's attorney again.

"I gave \$1,360 back," said the young unwed mother.

Judge Edward G. Blester is presiding at the trial and the defendant, Donato A. Denardis, admitted that he used to visit and stay overnight at the prosecutrix's home in New street, Quakertown.

"I went along with her to the doctor's office, but stayed outside on the step," testified the defendant, who was attending Temple University.

Mrs. Lucille Serrell, colored, a former Philadelphia school teacher, pleaded guilty before Judge Keller to a charge of operating a motor vehicle after her operating privilege had been suspended.

She was arrested on the Lincoln Highway, near Street road intersection, on June 19, by Cpl. Jones, of the Langhorne sub-station of State Police.

Mrs. Serrell, who now operates a rooming house at 3528 North 18th street, Philadelphia, has been arrested several times on speeding and reckless driving charges which caused her license to be suspended for three months. She had not applied for renewal when arrested. Mrs. Serrell was fined \$100 and costs.

Asserting that "Your pattern of activity exhibits itself in being AWOL while in the Navy and arrested four times for disorderly conduct," Judge Edward G. Blester, who sentenced Clair Gross, 25, Quakertown, to serve not less than six months nor more than 23 in the county prison, said: "Even while you were in the service you weren't a good citizen."

Jewish New Year of 5710 Begins Tomorrow Sundown

Rosh Hashanah, the Jewish New Year, begins at sundown tomorrow, ushering in the Jewish New Year of 5710.

The Jewish community will join with Jews throughout the world in celebrating this New Year's Day, which, according to tradition, was the day on which God created the world. Another Jewish teaching is that Isaac, one of the founders of the Jewish people, was born on that day.

A solemn and yet a happy occasion, the Jewish New Year reminds man that his life is temporary and he partakes of eternity. The special prayers of the day encourage introspection and soul searching and show man that "he is a stranger and sojourner upon the earth."

The New Year's prayers ask that each individual listen to the inner voice of his conscience in order to improve his character and thus make a better world.

The Jewish people will celebrate 10 days of repentance between New Year's Day and Yom Kippur, the Day of Atonement.

BROWDER: UNEMPLOYED
Earl Browder, the Kansas-born communist, now 58, has served two terms in prison for his activities. But he tells New York reporters that he is currently unemployed. Apparently Moscow has decided his usefulness is ended, and no one else will have him.

Browder worked for Moscow in China, where he helped the communist wing of the revolution in 1927-28. He rose to the very top in American communism as the party's leader for 17 years. His downfall was not caused by any act of his own, but by a change in the party line dictated from abroad.

After he was kicked out of the communist party in 1946, he landed on his feet. In a mysterious trip to Moscow, he was treated well—received as a "trusted friend," he announced on his return. He opened a New York office as U. S. representative of a Soviet publishing company. He had a five-year contract, which Moscow has now broken.

The catch in the contract turns out to be that the only way he can recover damages is to sue in a Russian court. Though Browder has been out of "work" for two months, there is no indication that he intends to sue.

Now Earl Browder, unemployed, joins the long list of faithful servants of communism who have been ruthlessly repudiated after long years of faithful service. But he is lucky at that. Most of his counterparts in Russian communism, from Trotsky down, are six feet underground.

LIMIT ON SPENDING

During the early days of the new deal, at the start of its spending program, President Roosevelt declared that the danger point in deficit spending would not be reached until the national debt amounted to \$60,000,000,000. He quoted an unnamed banker as his authority for the statement. At that time the debt was less than \$60,000,000,000.

Indirectly, he indicated it would not reach that figure. Now the national debt is more than \$255,000,000,000, and Roosevelt's successor assures the taxpayers it has not reached a dangerous point.

Despite Roosevelt's admission that \$60,000,000,000 was the limit of deficit spending—as heavy a load as the nation could carry—President Truman would have the nation believe that more than four times that amount is no cause for concern.

The President questions the honesty of any person who does not approve of his plans to put the nation further in the red. He asserts those who oppose his policies are merely trying to frighten the people into demanding economy.

Surely there is need to be frightened. Twenty-five years ago Lenin of Russia declared "some day we will compel the United States to spend itself to destruction." Rich as this nation is, it cannot continue to spend beyond its means. That way lies ruin for both citizen and government.

Do You Value Your Job?

Continued from Page One

The other step was that taken by the British Socialist Government. It was the slashing of the British currency by 30 per cent.

Where does that fit in? It reduces the earnings of the British workmen by 30 per cent. They were already far underpaid by any normal standards. Now they can tighten their belts for a 30 per cent reduction.

The wage differential between YOUR job and that of a Briton who is or could be working in competition with you has thus been increased 30 per cent.

Whatever it is that you are helping manufacture, the British can now make for from a fourth to a half as much. Your own government is committed to letting this goods come into this country at a price far below what your articles must sell for.

STOP AND THINK! HOW MANY PEOPLE DO YOU KNOW WHO WILL BUY THE GOODS YOU ARE HELPING MAKE, IF THEY CAN SHOP AROUND AND FIND THE SAME THING, WITH A BRITISH LABEL, AT HALF THE PRICE?

AND HOW LONG WILL YOUR EMPLOYER BE ABLE TO KEEP OPERATING, IF HE CAN'T SELL HIS GOODS AT ALL—OR HAS TO SELL THEM AT A LOSS?

There is reason to believe that a great deal of the slump through which this country has been moving since the beginning of the year, with its heavy unemployment, is really due to the growing pressure of foreign imports.

This situation will now worsen rapidly. Unemployment cannot fail to soar, once this country begins receiving floods of cheap foreign merchandise which shut down more and more American plants.

You won't find the official policy of the present national government set forth in precisely those words. But you will find it over and again expressed in words which add up that way.

The truth of the matter is that you, and all other American workmen like you, are in the grip of a sort of international conspiracy, between your present national government and the Socialist plotters in England, to "buy" the cooperation of the British nation in the present world dilemma by giving the British workers YOUR jobs!

THINK IT OVER!

COMMUNICATION

To The Editor:

Thank you for the letter under date of September 15th. I appreciate, very much, your attitude of respect and helpfulness extended to the schools of this section. I know the parents of our community have looked forward to reading the news reports of the local schools in your paper. I heartily agree with you and your sentence "contact between the schools and the public is increasing in importance". It is very comforting, indeed, to know that you and your paper have this friendly attitude toward the schools. The people need to be informed in order to give the children the support and provide the facilities which are so direly needed in these days.

Thank you again.

Consider Plans For Pennsylvania Week

Continued from Page One

Because of Bucks county's physical and geographical aspects, it was decided that each community would spearhead its own local activities and plan programs which would call attention to the past and present accomplishments of those areas. Great emphasis will be placed on the county's historical prominence. Mr. Heise said, together with its agricultural assets.

In addition, banks and retail stores are planning decorations and displays which will spotlight home-grown and locally-produced products. School children will participate in the annual Quiz-essay contest which is sponsored by the Pennsylvania Retailers' Association.

John A. Purcell, of Coatesville, Southeastern regional chairman of Pennsylvania Week, outlined the plans for the State celebration in his section which includes the counties adjacent to Bucks. He pointed out that the sponsors of the Week, the Department of Commerce, established the celebration in 1946 in order that "Pennsylvania's 10,000,000 citizens may pause to re-evaluate the Commonwealth's past and present significance and its future potential."

Community chairmen who attended the meeting include Thomas Stockham, Jr., Morrisville; Russell Weierbach, Springfield township; C. Eldon Clemens, Doylestown; Atty J. C. Bowen, Perkasie; J. S. Lee, Newtown; Samuel S. Gray, Newtown; William T. Nutter, Sellersville; Mr. Basche, Sellersville; Charles Hupp, Doylestown; Donald Everhart, representing the Robert G. Wilder Co., of Philadelphia.

Consider Re-Establishing Of P. O. Contract Station

The U. S. Post Office department is, according to Postmaster Joseph P. Duffy, inquiring into the feasibility of re-establishing a post office contract station in the sixth ward, to be known as "Harriman Station."

Any one interested in conducting said station may obtain application blanks at Bristol post office.

A contract station which for a number of years was located on Farragut avenue was discontinued about five years ago. There is only one contract station in Bristol now, located at Radcliffe and Mulberry streets.

Two Women Are Among Defendants in County Court

Continued from Page One

The tall, husky Second World War veteran, who said he was AWOL 70 days in 1944, was described by Judge Biester as "being the buddy or co-conspirator of the four boys who pleaded guilty to a series of thefts in Quakertown."

Gross, who has never worked a year anywhere or place, pleaded guilty to stealing gasoline, valued at \$3.50 from the Quakertown Disposal Plant on July 9, and receiving stolen goods, involving a torque wrench, valued at \$25, from the Manual training department of Quakertown High School, and a tire, valued at \$7.50, from a garage.

Last week James Kirk, 18; Joseph Bilner, 18, both of whom were committed to reform school; Allen Heimbach, Jr., 20, and Beverly Robert Clymer, 21, both given suspended sentences, told how Clair Gross was involved in the series of thefts.

State Trooper Jack C. Griffith, who investigated the crimes which have since diminished since the quintet have been taken into custody, testified the defendant pleaded guilty to larceny and three counts of receiving stolen goods. Gross was also sentenced to pay the costs of prosecution and a fine of \$25.

His police record reveals AWOL in 1944, disorderly conduct, Sept. 7 and Sept. 8, 1946, and speeding in August, following his arrest by the State Police in connection with the community robberies prior to that date.

Chief Newton Rapp, of Quakertown Police, who was called as a witness for the Commonwealth, said: "Gross has been arrested four times, three on disorderly conduct charges in connection with fights in hotels, and his reputation is not good. He is living with his grandparents and not with his parents."

Wilbur Etter served as a "character" witness.

Gross, who has been attending an Allentown trade school under the GI Bill of Rights, was described by Chief Rapp as always associating with boys "much younger than himself." He was employed at a bowling alley for about six months.

Herbert Coar, Jr., 25, of Croydon, pleaded guilty before Judge Keller to charges of adultery; fornication and bastardy. He was arrested after an affair with Miss Doris Johnson, 19, of Bristol township, who was in juvenile court here some time ago and who is now at the Muncy Home for Women, where she was committed by the Bucks county juvenile court.

Teachers Introduced To Andalusia P. T. A.

ANDALUSIA, Sept. 22 — Andalusia Parent - Teacher Association started its fall season Monday evening with 50 gathered. Mrs. Raymond Vickers presided. Mrs. Carolyn Rhodus read a prayer, and W. Hall, Philadelphia newspaperman, spoke of a plan to raise funds which the P. T. A. took under consideration.

The teachers were introduced to the members, they being: Mrs. Francis Murphy, 1st grade; Mrs. Dora Harding, 2nd grade; Mrs. Carolyn Rhodus, 3rd and 4th grades; Mrs. J. Watson, 5th grade, and Mrs. Iona Stump, 6th grade. Mrs. Elsie Dubhorn, elementary supervisor of Bensalem township

schools, was also introduced. Each member in turn rose and introduced herself or himself.

The 41st Congress of Parent-Teachers will be held in Philadelphia, October 11th to 13th. Mrs. Henry Drinkhouse and Mrs. William Johnson will be delegates. Mrs. Rhodus read objects of the P. T. A. Plans were made to equip the Safety Patrol with raincoats, hoods and boots. It was decided to have the November meeting immediately after school is dismissed, rather than at night inasmuch as some of the teachers are taking evening courses. Meetings are held the third Monday of each month.

The attendance banner and prize was won by Mrs. Murphy's first grade.

Committees for the year were ap-

pointed as follows: Program committee: Mrs. Frank Martin, chairman, Mrs. Arthur Schubert, Mrs. Paul Schaumberg, Mrs. John Mawby, and Mrs. Norman Gaugler; refreshments: Mrs. Charles Henty, chairman, Mrs. J. LOWER BUCKS GRID TEAMS SEE ACTION THIS WEEK-END

This week will see all of the schools of Lower Bucks County in action on the gridiron. One Lower Bucks County League contest is also on the card.

Topping the games, of course, will be the annual clash between Trenton Catholic and Bristol High under the lights on the local field tomorrow night. In order to give the townfolks time to do their shopping, the starting time has been shoved back to 8.45 p. m.

For the past few years, the Catholic-Bristol game has been played on Dunn field, Trenton, and has always been one of the leading attractions of the season and a close score has always been the result.

But when Bristol installed its own lighting system last season, the Trenton-Bristol game was transferred to the local gridiron. It is believed that the largest crowd to ever witness a night game here will be on hand for the clash.

The Lower Bucks League tilt is between Pennsbury and Langhorne. This game is scheduled for Playwick field, Langhorne, tomorrow night, starting at 8.15 o'clock. The game was originally scheduled to be played Saturday afternoon on the Pennsbury field.

The game between the proteges of Harry Wyckoff and "Jim" Egli will be the first in the seven-team Lower Bucks circuit. Pennsbury is a new school in the Lower Bucks football loop. Last season, Langhorne failed to beat Wyckoff's charges, 19-12.

Other games scheduled for Friday afternoon will see Brother Edwin Anthony's St. Francis Vocational School eleven travel to Newtown to play Council Rock and the Alumni meeting Southampton.

St. Francis lost to Council Rock in their contest last season, the score being 21-0. Coach "Sags" Saggola, of the Indians, has practically his same team back and is expecting little trouble from the Eddington boys.

With one win under its belt, their eighth straight in two seasons, the Bensalem Owls will cross the river on Saturday to play Mt. Holly. This tilt will start at 10 o'clock in the morning and will be part of a celebration being sponsored by the Mt. Holly American Legion.

Last season, Mt. Holly and Coach Marlon VanHorn's team battled to a 6-6 score. The Cornwells Heights team had the game, 6-0, in the last quarter when a pass was intercepted and the Jerseyites deadlocked the count.

VanHorn's team looked good in beating Doylestown, 12-6, last Friday and indications point to another successful season for the Owls who were unbeaten last season and tied twice, the second time with Bristol.

The other game for Saturday afternoon sees the Morrisville Bulldogs opening up their 1949 season against Hamilton on the latter's field. Coach Gordon Davies is well fortified for the contest and is anxious to start the season with a triumph.

Greyhounds can average more than 35 miles an hour for more than a quarter-mile.

Well Known Officials Accepted Into Association

Henry Morgan, Joseph Diamanti, and Robert Baurth, well-known officials of Lower Bucks County, have been accepted into the Burlington County Football Officials Association. This is the first time that the Jersey organization has accepted members from another state.

The three have been assigned to work the Trenton Eagles-Riverside game, Sunday.

The three Bristol football officials have been working together for several seasons, officiating at games in New Jersey, Bucks County, and Delaware.

1950 Nash Bows With New Styling and Improvements

DETROIT, Sept. 22 — New 1950 Nash Airflyte cars with many exclusive features will be on public display beginning tomorrow morning when dealers open their doors throughout the nation.

Two lines of the 1950 Nash cars will be offered, the Nash Statesman in the low medium-price field and the Nash Ambassador with fully automatic shifting in the medium price field. The "Statesman" replaces the "600" series. Two and four-door sedans, as well as a club coupe, will be available in standard-priced "Super" and higher-priced "Custom" models, according to H. C. Doss, vice-president in charge of Nash Motors sales.

Production of the 1950 Nash models, under way since September 6th, has gained steadily and retail delivery will commence within the current week, Doss said.

Reviewing highlights of the new Nash Airflyte cars, Doss said: "We believe the 1950 models represent a new conception of motoring comfort. They are not only beautiful

cars, but with aerodynamic design and a choice of three transmissions—Hydra-Matic 'clutchless' shifting; automatic overdrive; or standard transmission—built in twin beds and adjustable reclining seats, the 1950 Nash Airflytes offer driving pleasure, comfort, economy and safety not available in any other car."

Introduction of Nash Motors' 1950 models marks the start of the company's 48th year of automobile manufacture, its predecessor company having made the Rambler cars at the turn of the century.

Foremost among the mechanical improvements of the 1950 Nash Airflyte Ambassador models is the famed Hydra-Matic Drive combined with the Nash developed Selecto-Lift starting offered as optional equipment. Operation of the Hydra-Matic requires only positioning of a forward or reverse direction selector lever and completely eliminates the clutch pedal. The new starter control, a feature exclusive with Nash, operates merely by lifting the Hydra-Matic selector lever and eliminates separate floor or instrument panel starting.

Standard on both new cars is the conventional transmission. In addition to the Hydra-Matic on the Ambassador, Nash also offers in both cars as alternate optional equipment the fuel-saving automatic overdrive, which gives four forward speeds, long a Nash feature.

The front end views of the new 1950 Nash Airflytes also emphasize their scientifically conceived aerodynamic design, comfort - creating width, and road-hugging, low center of gravity. Front and rear bumpers, with new and more massive bumper guards, follow the general streamlined styling and accentuate the aerodynamic lines of the new cars with curved contours

that blend into the fender shapes to become an integral part of the cars. Recent wind tunnel tests at the University of Wichita revealed that the Nash Airflyte cars have the lowest air resistance of any full sized stock car tested.

In profile, length and streamlined sleekness are emphasized. Fully enclosed front fenders blend into the straight-sweep sides of the body and continue in line through the similarly enclosed rear fenders. Rear ends of the rear fenders taper gracefully to form an aerodynamically correct shape that reduces gasoline wasting air turbulence or "drag." A chrome strip of stainless steel near the bottom of the door runs in an unbroken horizontal line completely around the car. Elegance and functional simplicity are achieved in the rear-end design with a grouping of tail, stop and directional signal lights with rear trunk deck handle and lock in a single chrome unit.

Cards to Explain Traffic Delays

HARRISBURG, Sept. 22—No longer will motorists be halted, without explanation, at either end of oneway traffic lanes in Pennsylvania for the State Highway Department has inaugurated a system of cards that explain the reason for delay.

The cards over the signature of the Secretary of Highways Ray F. Smock are addressed to motorists and read as follows:

Commonwealth of Pennsylvania
Department of Highways
Dear Motorist:

Single lane traffic has been established through the construction ahead to avoid a longer route and greater time—consuming detour around it.

When two lines of traffic must occupy one lane, delay is inevitable. The Pennsylvania Department of Highways requests you to accept the delay as an unavoidable interruption in your journey.

Pennsylvania has under way the most extensive highway improvements in the Nation. Expenditures this year will approximate \$90,000,000.

The new construction, reconstruction, surfacing, widening, grade crossing removal, curve elimination and bridge repairs and construction will bring permanent benefits and greater safety to motorists who travel over Pennsylvania's 41,000 miles of State Highways.

Yours truly,
(Signed) Ray F. Smock,
Secretary of Highways

In addition the signalman at either end of the one-ways through construction have been directed to courteously answer any verbal questions by motorists.

The word grocer originally meant one who sold by the gross, or wholesale.

The past commanders of the Bracken Post entertained the newly-elected district commander of the 9th district, Norman L. John, of Pottstown, and the retiring Eastern vice commander of Pennsylvania, American Legion, Elmer R. Leddon, of Willow Grove, at a dinner at the home of the Bristol Elks.

A SUMMARY OF THE NEWS

President Truman intervened in the steel dispute yesterday, asking both sides to extend the present truce six days from Saturday midnight to Oct. 1 and to resume collective bargaining at once. United States Steel and some other companies quickly agreed. Although the union is expected to agree today a series of wildcat protest strikes broke out at Pittsburgh.

The Senate will vote at 6 P. M. today on the foreign arms-aid bill. Advocates of a cut in the \$1,314,010,000 total scored gains in yesterday's debate. Still impatient over Senate delays, the House, back from a month's vacation, sought agreement on a legislative agenda and an early adjournment of Congress.

The failure of Congress to implement the International Wheat Agreement caused wheat exports to fall 50,000,000 bushels short of the goal, the Agriculture Department told Senators. The United Nations Food and Agriculture Association urged an international commodity clearing house to channel farm surpluses into the world's soft-currency deficit areas.

Portugal, Western Germany and Luxembourg joined nations seeking to bring their currencies into line with the devalued British pound. Common sense, coupled with

State Police Say . . .

From a fatal smash up to a dented fender, all automobile accidents have one thing in common: Somebody caused it—somebody could have prevented it. We urge you to check frequently and be sure your car is in safe condition. Then drive it carefully all the time. Don't be the victim of an accident. Don't be the cause.

DO YOU VALUE YOUR JOB?

The real purpose back of the British devaluation is quite simple. Nothing but the hocus-pocus through which our own national leaders have gone, and the industrious lying that has taken place on both sides of the Atlantic, have kept this purpose from sight. Here's the story:

We've been exporting dollars since the War, trying to keep Socialism alive in Europe—including England.

It's been YOUR money our Washington diplomats have been lading out so industriously.

But now it has been proven that money alone isn't enough. We've exported billions. Socialism sinks deeper and deeper—especially in England.

What next?

The decision has been reached, in Washington and London, that the thing which must be exported next, to keep Socialism from collapsing under its own weight, is jobs.

Whose jobs?

Those now filled by Americans—including YOU!

It's all easy enough to understand, once you see the outline. For fifteen years, the New Dealers have been slashing American tariffs. These tariffs were created to protect American working people in their jobs. They were created to protect Americans engaged in manufacturing articles for the American market from being undersold by cheap or slave labor abroad.

The trade agreements act has resulted in most of this protection being wiped out.

Already a long list of American industries are in trouble—wool, glass, chinaware, etc., etc.

Two steps have been taken within the past two weeks which are intended to wipe out the rest of the protection YOU have against the work you are doing being performed by some starvation-level unfortunate in a foreign country.

One of these steps was taken by your own Government. The Truman lobby finally forced through Congress a new extension of the foreign trade agreements act. President Truman immediately announced a program of further tariff cuts in some 400 items.

COVERED WAGON WAS TRAILER FORERUNNER

Kiwanian Robert Beuttner Tells Club of Trailer Industry

PENNDDEL, Sept. 22 — Kiwanian Robert Beuttner told the members and guests of Bucks County Lincoln Highway Kiwanis Club about the trailer industry at its dinner meeting at the Royal Gardens, Bensalem township, on Tuesday evening.

Mr. Beuttner told the group that he became interested in trailers about 15 years ago. "The forerunner of the trailer was the covered wagon. Our forefathers lived in the covered wagon until they were able to settle down in some spot and build their home. Many people from all walks of life use the trailer; actors, construction men and entertainers who find it necessary to move from city to city have found them a very convenient and economical type of abode. In 1935, there was a great evolution in the trailer industry; many people purchased trailers and they became quite popular. In 1940 there was still another evolution for trailers; at this time they became more modern and more comfortable. Jewish New Year of 5710 Begins Tomorrow Sundown

Rosh Hashanah, the Jewish New Year, begins at sundown tomorrow, ushering in the Jewish New Year of 5710.

The Jewish community will join with Jews throughout the world in celebrating this New Year's Day, which, according to tradition, was the day on which God created the world. Another Jewish teaching is that Isaac, one of the founders of the Jewish people, was born on that day.

A solemn and yet a happy occasion, the Jewish New Year reminds man that his life is temporary and he partakes of eternity. The special prayers of the day encourage introspection and soul searching and show man that "he is a stranger and sojourner upon the earth."

The New Year's prayers ask that each individual listen to the inner voice of his conscience in order to improve his character and thus make a better world.

The Jewish people will celebrate 10 days of repentance between New Year's Day and Yom Kippur, the Day of Atonement.

FUNERAL TOMORROW

Relatives and friends of the late Costantino Bonfranceschi are invited to the Galzerano funeral home, 439 Radcliffe street, tomorrow at 10 a. m., to attend the rites. Interment is to be made in Bristol Cemetery. Friends may call this evening.

AUXILIARY MEETING

A meeting of St. Ann's Auxiliary will be held this evening at the club house, Wood street, at eight o'clock. Members are requested to return outstanding tickets and money from the recent spaghetti supper.

TWO WOMEN ARE DEFENDANTS IN COUNTY COURT

Young Woman, Who Once Admitted Embezzling, Makes a Charge

ONE FORMER TEACHER

Clair Gross, Quakertown, Is Sentenced to County Prison

DOYLESTOWN, Sept. 22 —

A young woman, who over a year ago admitted she had embezzled \$3200 of her former employer's money, appeared in court here again this week. The young woman, Miss Shirley M. Wiedor, 24, Quakertown, testified that Donato A. Denardis, 25, was the father of her daughter.

The prosecutrix, who astonished the jury when she admitted that she pleaded guilty to stealing \$3200 from her employer July 22, 1948, testified her child was born April 4, in the Quakertown Community Hospital.

"Didn't you plead guilty to stealing money from your employer in this very court?" shouted the defendant's counsel.

"Yes, I did, but it was only \$3200," said the young prosecutrix quietly. "Are you sure you didn't take \$6900?" asked the defendant's attorney again.

"I gave \$1,360 back," said the young unwed mother.

Judge Edward G. Blester is presiding at the trial and the defendant, Donato A. Denardis, admitted that he used to visit and stay overnight at the prosecutrix's home in New street, Quakertown.

"I went along with her to the doctor's office, but stayed outside on the step," testified the defendant, who was attending Temple University.

Mrs. Lucille Serrell, colored, a former Philadelphia school teacher, pleaded guilty before Judge Keller to a charge of operating a motor vehicle after her operating privilege had been suspended.

She was arrested on the Lincoln Highway, near Street road intersection, on June 19, by Cpl. Jones, of the Langhorne sub-station of State Police.

Mrs. Serrell, who now operates a rooming house at 3528 North 18th street, Philadelphia, has been arrested several times on speeding and reckless driving charges which caused her license to be suspended for three months. She had not applied for renewal when arrested. Mrs. Serrell was fined \$100 and costs.

Asserting that "Your pattern of activity exhibits itself in being AWOL while in the Navy and arrested four times for disorderly conduct," Judge Edward G. Blester, who sentenced Clair Gross, 25, Quakertown, to serve not less than six months nor more than 23 in the county prison, said: "Even while you were in the service you weren't a good citizen."

BROWDER: UNEMPLOYED
Earl Browder, the Kansas-born communist, now 58, has served two terms in prison for his activities. But he tells New York reporters that he is currently unemployed. Apparently Moscow has decided his usefulness is ended, and no one else will have him.
Browder worked for Moscow in China, where he helped the communist wing of the revolution in 1927-28. He rose to the very top in American communism as the party's leader for 17 years. His downfall was not caused by any act of his own, but by a change in the party line dictated from abroad.
After he was kicked out of the communist party in 1946, he landed on his feet. In a mysterious trip to Moscow, he was treated well—received as a "trusted friend," he announced on his return. He opened a New York office as U. S. representative of a Soviet publishing company. He had a five-year contract, which Moscow has now broken.
The catch in the contract turns out to be that the only way he can recover damages is to sue in a Russian court. Though Browder has been out of "work" for two months, there is no indication that he intends to sue.
Now Earl Browder, unemployed, joins the long list of faithful servants of communism who have been ruthlessly repudiated after long years of faithful service. But he is lucky at that. Most of his counterparts in Russian communism, from Trotsky down, are six feet underground.

LIMIT ON SPENDING
During the early days of the new deal, at the start of its spending program, President Roosevelt declared that the danger point in deficit spending would not be reached until the national debt amounted to \$60,000,000,000. He quoted an unnamed banker as his authority for the statement. At that time the debt was less than \$60,000,000,000.
Indirectly, he indicated it would not reach that figure. Now the national debt is more than \$255,000,000,000, and Roosevelt's successor assures the taxpayers it has not reached a dangerous point.
Despite Roosevelt's admission that \$60,000,000,000 was the limit of deficit spending — as heavy a load as the nation could carry — President Truman would have the nation believe that more than four times that amount is no cause for concern.
The President questions the honesty of any person who does not approve of his plans to put the nation further in the red. He asserts those who oppose his policies are merely trying to frighten the people into demanding economy.
Surely there is need to be frightened. Twenty-five years ago Lenin of Russia declared "some day we will compel the United States to spend itself to destruction." Rich as this nation is, it cannot continue to spend beyond its means. That way lies ruin for both citizen and government.

Do You Value Your Job?
Continued from Page One
The other step was that taken by the British Socialist Government. It was the slashing of the British currency by 30 per cent.
Where does that fit in? It reduces the earnings of the British workmen by 30 per cent. They were already far underpaid by any normal standards. Now they can tighten their belts for a 30 per cent reduction.
The wage differential between YOUR job and that of a Briton who is or could be working in competition with you has thus been increased 30 per cent.
Whatever it is that you are helping manufacture, the British can now make for from a fourth to a half as much. Your own government is committed to letting this goods come into this country at a price far below what your articles must sell for.
STOP AND THINK! HOW MANY PEOPLE DO YOU KNOW WHO WILL BUY THE GOODS YOU ARE HELPING MAKE, IF THEY CAN SHOP AROUND AND FIND THE SAME THING, WITH A BRITISH LABEL, AT HALF THE PRICE?
AND HOW LONG WILL YOUR EMPLOYER BE ABLE TO KEEP OPERATING, IF HE CAN'T SELL HIS GOODS AT ALL—OR HAS TO SELL THEM AT A LOSS?
There is reason to believe that a great deal of the slump through which this country has been moving since the beginning of the year, with its heavy unemployment, is really due to the growing pressure of foreign imports.
This situation will now worsen rapidly.
Unemployment cannot fail to soar, once this country begins receiving floods of cheap foreign merchandise which shut down more and more American plants.
You won't find the official policy of the present national government set forth in precisely those words. But you will find it over and again expressed in words which add up that way.
The truth of the matter is that you, and all other American workmen like you, are in the grip of a sort of international conspiracy, between your present national government and the Socialist plotters in England, to "buy" the cooperation of the British nation in the present world dilemma by giving the British workers YOUR jobs!
THINK IT OVER!

COMMUNICATION
To The Editor:
Thank you for the letter under date of September 15th. I appreciate, very much, your attitude of respect and helpfulness extended to the schools of this section. I know the parents of our community have looked forward to reading the news reports of the local schools in your paper. I heartily agree with you and your sentence "contact between the schools and the public is increasing in importance". It is very comforting, indeed, to know that you and your paper have this friendly attitude toward the schools. The people need to be informed in order to give the children the support and provide the facilities which are so direly needed in these days.
Thank you again,
Sincerely,
A. KURTZ KING

Consider Plans For Pennsylvania Week

Continued from Page One

Because of Bucks county's physical and geographical aspects, it was decided that each community would spearhead its own local activities and plan programs which would call attention to the past and present accomplishments of those areas. Great emphasis will be placed on the county's historical prominence. Mr. Heise said, together with its agricultural assets.

In addition, banks and retail stores are planning decorations and displays which will spotlight home-grown and locally-produced products. School children will participate in the annual Quiz-essay contest which is sponsored by the Pennsylvania Retailers' Association. John A. Parcell, of Coatesville, Southeastern regional chairman of Pennsylvania Week, outlined the plans for the State celebration in his section which includes the counties adjacent to Bucks. He pointed out that the sponsors of the Week, the Department of Commerce, established the celebration in 1946 in order that "Pennsylvania's 10,000,000 citizens may pause to re-evaluate the Commonwealth's past and present significance and its future potential."

Community chairmen who attended the meeting include Thomas Stockham, Jr., Morrisville; Russell Weterbach, Springfield township; C. Eldon Clemens, Doylestown; Atty. J. C. Bowen, Perkasie; J. S. Lee, Newtown; Samuel S. Gray, Newtown; William T. Natter, Sellersville; Mr. Basche, Sellersville; Charles Hupp, Doylestown; Donald Everhart, representing the Robert G. Wilder Co., of Philadelphia.

The U. S. Post Office department is, according to Postmaster Joseph P. Duffy, inquiring into the feasibility of re-establishing a post office contract station in the sixth ward, to be known as "Harriman Station."

Any one interested in conducting said station may obtain application blanks at Bristol post office.

A contract station which for a number of years was located on Farragut avenue was discontinued about five years ago. There is only one contract station in Bristol now, located at Radcliffe and Mulberry streets.

Two Women Are Among Defendants in County Court

Continued from Page One

The tall, husky Second World War veteran, who said he was AWOL 76 days in 1944, was described by Judge Heister as "being the buddy or co-conspirator of the four boys who pleaded guilty to a series of thefts in Quakertown."

Gross, who has never worked a year anywhere or place, pleaded guilty to stealing gasoline, valued at \$3.50 from the Quakertown Disposal Plant on July 9, and receiving stolen goods, involving a torque wrench, valued at \$25, from the Manual training department of Quakertown High School, and a tire, valued at \$7.50, from a garage.

Last week James Kirk, 18; Joseph Bitner, 18, both of whom were committed to reform school; Allen Heimbach, Jr., 20, and Beverly Robert Clymer, 21, both given suspended sentences, told how Clair Gross was involved in the series of thefts.

State Trooper Jack C. Griffith, who investigated the crimes which have since diminished since the quintet have been taken into custody, testified the defendant pleaded guilty to larceny and three counts of receiving stolen goods. Gross was also sentenced to pay the costs of prosecution and a fine of \$25.

His police record reveals AWOL in 1944, disorderly conduct, Sept. 7 and Sept. 8, 1946, and speeding in August, following his arrest by the State Police in connection with the community robberies prior to that date.

Chief Newton Rapp, of Quakertown Police, who was called as a witness for the Commonwealth, said: "Gross has been arrested four times, three on disorderly conduct charges in connection with fights in hotels, and his reputation is not good. He is living with his grandparents and not with his parents."

Wilbur Etter served as a "character" witness.

Gross, who has been attending an Allentown trade school under the GI Bill of Rights, was described by Chief Rapp as always associating with boys "much younger than himself." He was employed at a bowling alley for about six months.

Herbert Coar, Jr., 25, of Croydon, pleaded guilty before Judge Keller to charges of adultery; fornication and bastardy. He was arrested after an affair with Miss Doris Johnson, 19, of Bristol township, who was in juvenile court here some time ago and who is now at the Muncy Home for Women, where she was committed by the Bucks county juvenile court.

Teachers Introduced To Andalusia P. T. A.

ANDALUSIA, Sept. 22 — Andalusia Parent-Teacher Association started its fall season Monday evening with 50 gathered. Mrs. Raymond Vickers presided. Mrs. Carolyn Rhodus read a prayer, and W. Hall, Philadelphia newspaperman, spoke of a plan to raise funds which the P. T. A. took under consideration.

The teachers were introduced to the members, they being: Mrs. Francis Murphy, 1st grade; Mrs. Dora Harding, 2nd grade; Mrs. Carolyn Rhodus, 3rd and 4th grades; Mrs. J. Watson, 5th grade; and Mrs. Iona Stump, 6th grade. Mrs. Elsie Dubhorn, elementary supervisor of Bensalem township schools, was also introduced. Each member in turn rose and introduced herself or himself.

The 1st Congress of Parent-Teachers will be held in Philadelphia, October 11th to 13th. Mrs. Henry Drinkhouse and Mrs. William Johnson will be delegates. Mrs. Rhodus read objects of the P. T. A. Plans were made to equip the Safety Patrol with raincoats, hoods and boots. It was decided to have the November meeting immediately after school is dismissed, rather than at night inasmuch as some of the teachers are taking evening courses. Meetings are held the third Monday of each month.

The attendance banner and prize was won by Mrs. Murphy's first grade.

Committees for the year were appointed as follows: Program committee: Mrs. Frank Martin, chairman, Mrs. Arthur Schubert, Mrs. Paul Schaumburg, Mrs. John Mawby, and Mrs. Norman Gaugler; refreshments: Mrs. Charles Henty, chairman, Mrs. J. Trickle, Mrs. Thomas Keyser, Mrs. Henry Raddeck, and Mrs. H. Rupp; membership: Mrs. Harold Weinland, chairman, Mrs. D. Tithers, Mrs. J. Byrd, publicity, Mrs. Richard Brackin.

LOWER BUCKS GRID TEAMS SEE ACTION THIS WEEK-END

This week will see all of the schools of Lower Bucks County in action on the gridiron. One Lower Bucks County League contest is also on the card.

Topping the games, of course, will be the annual clash between Trenton Catholic and Bristol High under the lights on the local field tomorrow night. In order to give the townfolks time to do their shopping, the starting time has been shoved back to 8.45 p. m.

For the past few years, the Catholic-Bristol game has been played on Dunn field, Trenton, and has always been one of the leading attractions of the season and a close score has always been the result.

But when Bristol installed its own lighting system last season, the Trenton-Bristol game was transferred to the local gridiron. It is believed that the largest crowd to ever witness a night game here will be on hand for the clash.

The Lower Bucks League tilt is between Pennsbury and Langhorne. This game is scheduled for Playwick field, Langhorne, tomorrow night, starting at 8.15 o'clock. The game was originally scheduled to be played Saturday afternoon on the Pennsbury field.

The game between the proteges of Harry Wyckoff and "Jim" Egli will be the first in the seven-team Lower Bucks circuit. Pennsbury is a new school in the Lower Bucks football loop. Last season, Langhorne failed to beat Wyckoff's charges, 19-12.

Other games scheduled for Friday afternoon will see Brother Edwin Anthony's St. Francis Vocational School eleven travel to Newtown to play Council Rock and the Alumni meeting Southampton.

St. Francis lost to Council Rock in their contest last season, the score being 21-0. Coach "Sags" Saggola, of the Indians, has practically his same team back and is expecting little trouble from the Eddington boys.

With one win under its belt, their eighth straight in two seasons, the Bensalem Owls will cross the river on Saturday to play Mt. Holly. This tilt will start at 10 o'clock in the morning and will be part of a celebration being sponsored by the Mt. Holly American Legion.

Last season, Mt. Holly and Coach Marlon VanHorn's team battled to a 6-6 score. The Cornwells Heights team had the game, 6-0, in the last quarter when a pass was intercepted and the Jerseyites deadlocked the count.

VanHorn's team looked good in beating Doylestown, 12-6, last Friday and indications point to another successful season for the Owls who were unbeaten last season and tied twice, the second time with Bristol.

The other game for Saturday afternoon sees the Morrisville Bulldogs opening up their 1949 season against Hamilton on the latter's field. Coach Gordon Davies is well fortified for the contest and is anxious to start the season with a triumph.

Greyhounds can average more than 35 miles an hour for more than a quarter-mile.

Well Known Officials Accepted Into Association

Henry Morgan, Joseph Diamanti, and Robert Baurath, well-known officials of Lower Bucks County, have been accepted into the Burlington County Football Officials Association. This is the first time that the Jersey organization has accepted members from another state.

The three have been assigned to work the Trenton Eagles-Riverside game, Sunday.

The three Bristol football officials have been working together for several seasons, officiating at games in New Jersey, Bucks County, and Delaware.

BASEBALL LEAGUE TO HOLD BANQUET

The annual banquet of the Bristol Suburban Baseball League will be held Wednesday evening, October 19th, at seven o'clock, at Flannery's Restaurant in Pennell. Tickets for the affair are now being ordered and will be in the hands of the managers next week.

President Paul Voltz has announced that four trophies have been donated to the league. The championship trophy will be given by Leon Plavin and the runner-up trophy by the Bristol Oil Burner Service. Angelo Brothers will award the leading batter trophy while the most valuable player trophy will be donated by Bristol Lodge, No. 970, B. P. O. Elks.

Members of the banquet committee are attempting to secure several major league players to speak at the affair. George Case, former star of the Washington Senators, will be one of the speakers.

Four of the six managers have already posted their most valuable player votes while the other two pilots are expected to vote this week. The ballots will be given to Dave Landreth, league advisor.

HIGH SCHOOL BAND IS TO PLAY AT THE TRENTON GAME

The Bristol High School band will be the before-the-game and half-time attraction at the Trenton Catholic-Bristol High game tomorrow night on the Warriors' gridiron.

For the first time in the history of the school, the band has a boy as drum major, Donald Burton being selected for this honor. The band also has two baton twirlers who do acrobatics while spinning the baton. They are Thelma Tyler and Joyce Welker.

3950 Nash Bows With New Styling and Improvements

DETROIT, Sept. 22 — New 1950 Nash Airflyte cars with many exclusive features will be on public display beginning tomorrow morning when dealers open their doors throughout the nation.

Two lines of the 1950 Nash cars will be offered, the Nash Statesman in the low medium-price field and the Nash Ambassador with fully automatic shifting in the medium price field. The "Statesman" replaces the "600" series. Two and four-door sedans, as well as a club coupe, will be available in standard-priced "Super" and higher-priced "Custom" models, according to H. C. Doss, vice-president in charge of Nash Motors sales.

Production of the 1950 Nash models, under way since September 6th, has gained steadily and retail delivery will commence within the current week, Doss said.

Reviewing highlights of the new Nash Airflyte cars, Doss said: "We believe the 1950 models represent a new conception of motoring comfort. They are not only beautiful

cars, but with aerodynamic design and a choice of three transmissions—Hydra-Matic 'clutchless' shifting; automatic overdrive; or standard transmission—built in twin beds and adjustable reclining seats, the 1950 Nash Airflytes offer driving pleasure, comfort, economy and safety not available in any other car."

Introduction of Nash Motors' 1950 models marks the start of the company's 48th year of automobile manufacture, its predecessor company having made the Rambler cars at the turn of the century.

Foremost among the mechanical improvements of the 1950 Nash Airflyte Ambassador models is the famed Hydra-Matic Drive combined with the Nash developed Selecto-Lift starting offered as optional equipment. Operation of the Hydra-Matic requires only positioning of a forward or reverse direction selector lever and completely eliminates the clutch pedal. The new starter control, a feature exclusive with Nash, operates merely by lifting the Hydra-Matic selector lever and eliminates separate floor or instrument panel starting.

Standard on both new cars is the conventional transmission. In addition to the Hydra-Matic on the Ambassador, Nash also offers in both cars as alternate optional equipment the fuel-saving automatic overdrive, which gives four forward speeds, long a Nash feature.

The front end views of the new 1950 Nash Airflytes also emphasize their scientifically conceived aerodynamic design, comfort—creating width, and road-hugging, low center of gravity. Front and rear bumpers, with new and more massive bumper guards, follow the general streamlined styling and accentuate the aerodynamic lines of the new cars with curved contours

that blend into the fender shapes to become an integral part of the cars. Recent wind tunnel tests at the University of Wichita revealed that the Nash Airflyte cars have the lowest air resistance of any full sized stock car tested.

In profile, length and streamlined sleekness are emphasized. Fully enclosed front fenders blend into the straight-sweep sides of the body and continue in line through the similarly enclosed rear fenders. Rear ends of the rear fenders taper gracefully to form an aerodynamically correct shape that reduces gasoline wasting air turbulence or "drag." A chrome strip of stainless steel near the bottom of the door runs in an unbroken horizontal line completely around the car. Elegance and functional simplicity are achieved in the rear-end design with a grouping of tail, stop and directional signal lights with rear trunk deck handle and lock in a single chrome unit.

Presenting a report for a committee looking into the matter of building an addition to the post home, Mr. Axenroth said efforts are being made to finance it.

Cards to Explain Traffic Delays

HARRISBURG, Sept. 22.—No longer will motorists be halted, without explanation, at either end of one-way traffic lanes in Pennsylvania for the State Highway Department has inaugurated a system of cards that explain the reason for delay.

The cards over the signature of the Secretary of Highways Ray F. Smock are addressed to motorists and read as follows:

Commonwealth of Pennsylvania Department of Highways

Dear Motorist: Single lane traffic has been established through the construction ahead to avoid a longer route and greater time - consuming detour around it.

When two lines of traffic must occupy one lane, delay is inevitable. The Pennsylvania Department of Highways requests you to accept the delay as an unavoidable interruption in your journey.

Pennsylvania has under way the most extensive highway improvements in the Nation. Expenditures this year will approximate \$90,000,000.

The new construction, reconstruction, surfacing, widening, grade crossing removal, curve elimination and bridge repairs and construction will bring permanent benefits and greater safety to motorists who travel over Pennsylvania's 41,000 miles of State Highways.

Yours truly, (Signed) Ray F. Smock, Secretary of Highways

In addition the signalman at either end of the one-way through construction have been directed to courteously answer any verbal questions by motorists.

The word "grocer" originally meant one who sold by the gross, or wholesale.

14 GAMES REMAIN ON SCHEDULE OF TOWNSHIP TEAM

Head Coach Stanley Dick has fourteen games remaining on the grid schedule of the Bristol Township teams. This includes games for the Junior Varsity, Junior High and 125-lb. teams. The latter team lost its opening game to St. Francis on Monday afternoon.

He is a graduate of Northeast High School, Philadelphia.
